## **Assure Reliability and Efficiency with Accurate Check Air Flow**

Antunes Controls is one of the leading manufacturers of pressure control switches. Our new sheet metal air differential switches are compact, sensitive, and reliable with trouble free operation. Their design is based on the same principles of reliability, repeatability, and accuracy that has made

Antunes Controls existing line of pressure switches so successful. Their construction incorporates a sensitive diaphragm and a snap action electrical switch. The switch is available with adjustable settings of .05" W.C. to 1" W.C., and .05" W.C. to 9" W.C.
